Financial Management, FINN 3120, Sec 006
Fall 2016

Time: 08:00 am - 9:15 am Wednesday/Friday
Classroom: CHHS 147
Instructor: Xin Xin Li
Office Hours: 1:30 pm - 3:00 pm W R or by appointment
Email: xli25@uncc.edu
Office: Friday 210C

Textbook
Required
Optional
2. MyFinanceLab, an integrated on-line homework management system that provides hands-on practice and guided tutorial instruction for each of the chapters in your text.

Course materials
Projects, homework and solutions, and other course materials will be made available for download from your password-protected Moodle account at UNCC, accessible at https://moodle2.uncc.edu/ for all registered students. Material will be periodically added to the website as we progress through the course. You will also be able to view your grades on projects and exams directly from you Moodle account as well. Students are responsible for checking their UNCC student e-mail and Moodle regularly for important information.

Academic Prerequisites
To enroll in the course students must have (1) declared a major in the College of Business with (2) at least a Junior standing (e.g., 60 or more earned semester hours), and (3) have completed the following prerequisite courses:
1. MATH 1120: College Calculus
2. STAT 1220: Statistics I
3. ECON 2101: Macroeconomics
4. ECON 2102: Microeconomics
5. ACCT 2121: Financial Accounting
6. ACCT 2122: Managerial Accounting
7. INFO 2130: Introduction to Business Computing (or successful completion of the Microcomputer Proficiency Test)
As the instructor I DO NOT HAVE the authority to add students to the course or override any prerequisites to register. Please visit the Undergraduate Advising office with questions.

Course Description
Financial management represents the process of planning for, acquiring, and allocating funds by a business enterprise. This process involves several decision-making tools, including the time value of money, financial statement analysis and financial forecasting, working capital management, pricing various types of risk facing the firm, asset and project valuation, and international currency considerations. This semester we will investigate how each of these decision-making tools is used to help financial managers accomplish the task of planning for, acquiring, and allocating funds within the business. Computer and financial calculator applications will be included where appropriate.

Course Objective
The object of FINN 3120, Financial Management, is to provide students with an introduction to the nature and methods of financial analysis within the context of the business enterprise. To accomplish this objective, we will focus our attention on:
1. developing an awareness of some major financial problems facing modern, for-profit business organizations as well as individual consumers
2. obtaining an understanding of the basic principles and concepts necessary to analyze these financial problems; and
3. developing the ability to apply these principles and concepts so that students can independently evaluate alternative solutions to basic problems confronting the financial manager.

Important Deadlines and Due Dates
- August 24th: first day of class
- August 29th: Last Day to Add/Drop No Grade
- October 25th: Last day to withdraw from course (s); grade subject to Withdrawal Policy
- November 23 to November 26: Thanksgiving Break - No classes
- December 7th: Last day of class
- December 16th, 8:00 - 10:30 am: Final exam, location: TBD

Grading
- There will be 3 exams, each counting for 30% of your final grade. Final exam will be accumulative.
- 2 graded projects in group of 4 people counting for 10% of your final grade.
- There will be 5 homework assignments. Homework solutions will be posted on Moodle right after due dates, therefore no late homework assignments will be accepted. Homework will serve as great exercises and references for exams. Although homework will not be graded, there will be up to 5% bonus points added to your final grade if you show efforts in homework and turn in on time.
• Attendance is not mandatory, but be noted there will be substantial amount of exam questions mentioned and discussed in class. Past experiences show that students missing multiple classes tend not to do as well in the corresponding exam as students with full attendance rates.

Comments on Examinations and Homework
1. Exams will cover assigned reading materials and lecture notes consistent with the tentative class schedule. The format of the exams will be multiple-choice and will include conceptual (e.g., non-mathematic) issues as well as problem-solving and numeric manipulation. Always bring a financial calculator. I will support the use of the Texas Instruments BA II PLUS, this calculator is also supported by the book. Approximate purchase price is about $30.00. Most Graphing Calculators, TI-83 Plus and later, have Financial Calculator Apps but I won't provide directions on how to use those.
2. All Exams will make use of Scantron answer sheets that will be provided in class during exam days. Students are responsible for bringing Number Two pencils and a good eraser to record answers on the Scantron sheets.
3. Projects are done and graded in group of 3-4 people, no late projects will be accepted and a student will earn a zero for projects not submitted by the due date.
4. The HW assignments will serve as an excellent reference for the content, structure of the exam questions. The level of difficulty for the exam questions will be slightly harder than homework questions. After all, the homework are supposed to provide exercises for you to fully understand lecture contexts. And exam questions are build up on homework and usually take one more step to get to the correct answer.
5. Students who are unable to attend a scheduled examination must present the instructor with documentation of a valid medical, family, or personal emergency to obtain permission for a make-up examination. In this circumstance, all make-up exams will be given at the earliest convenience. Students who fail to make-up a missed examination, or fail to attend the scheduled final exam, will receive a score of zero for all missed work.

Important University and/or College Policies
1. ACADEMIC INTEGRITY. All UNCC students have the responsibility to be familiar with and to observe the requirements of The UNCC Code of Student Academic Integrity (see the Catalog). This code forbids cheating, fabrication or falsification of information, multiple submission of academic work, plagiarism, abuse of academic materials (such as Library books on reserve), and complicity in academic dishonesty (helping others to violate the code). Any further specific requirements or permission regarding academic integrity in this course will be stated by the instructor, and are also binding on the students in this course. Students who violate the code can be punished to the extent of
being permanently expelled from UNCC and having this fact recorded on their official transcripts. The normal penalty is zero credit on the work involving dishonesty and further substantial reduction of the course grade. In almost all cases, the course grade is reduced to F. If you do not have a copy of the code, you can obtain one from the Dean of Students Office. Standards of academic integrity will be enforced in this course. Students are expected to report cases of academic dishonesty they become aware of to the course instructor who is responsible for dealing with them.

2. ATTENDANCE. Students are expected to attend punctually all scheduled sessions in the courses for which they are registered and are responsible for completing the work from all of the class meetings. Absences from class may be excused by the instructor for such reasons as personal illness, religious holidays, participating as an authorized University representative in an out-of-town event, or unavoidable professional responsibilities that require missing a class. Whenever possible, students are expected to seek the permission of the instructor prior to absences.

3. DISENROLLMENT. At the discretion of the department offering a course, a student may be disenrolled from a course section if he or she does not attend the first scheduled meeting of the section. The department chair has the responsibility for providing timely notification to the student who is disenrolled.

4. COURSE WITHDRAWAL. Under the UNCC Course Withdrawal Policy, students may withdraw from a course until the withdrawal deadline and the mark of W will be assigned. No withdrawals will be permitted after the course withdrawal deadline. It is the student's responsibility to determine by the withdrawal deadline whether to withdraw from the course or stay in for a grade.

5. DIVERSITY. The Belk College of Business strives to create an inclusive academic climate in which the dignity of all individuals is respected and maintained. Therefore, we celebrate diversity that includes, but is not limited to, ability/disability, age, culture, ethnicity, gender, language, race, religion, sexual orientation, and socio-economic status.
