Grading

The course grade will be based on two examinations – a midterm and final exam (55% of the course grade), a project (25%), and assignments (20%). Each of these will be graded on a scale of 1 through 100. The midterm will be worth 25% and the final exam constitutes 30% of your final course grade. The final exam will be administered according to the schedule outlined in the UNCC Final Exam Schedule. Your final grade will be based on the following scale:

90 and above = A, 80 to 89.99 = B, 70 to 79.99 = C, 60 to 69.99 = D, less than 60 = F

Exams

Exams are to be taken when scheduled. If the mid-term exam is missed and the absence is excused based on university guidelines, then you may reschedule to take the midterm before the next class period or the final exam will account for 55% of your final course grade. If the absence is unexcused then you will be given a zero for that exam. Excluding emergencies, an absence is automatically considered unexcused if advance notice, at least 24 hours prior to the exam, of the absence is not provided to the instructor.

Assignments

Students will be responsible for three to four assignments during the course of the semester that will constitute 20% of your final course grade. Assignments may include, but is not limited to, the following topics: investments, pricing, risk transfer, claims handling, and insurer analysis.

Guest Speakers and Student Presentations

Class attendance is highly recommended and required when a speaker is present. Penalties will be assessed if a student arrives late or misses a class when a guest speaker or students are presenting. Advance notification will be given when a speaker is scheduled or students are presenting. If you are absent during one of these classes, 3 points will be deducted from your final course grade. If you arrive late for one of these classes or after a mandatory class break, then 2 points will be deducted from your final course grade.

Class Participation

Participation in class discussion is a necessary element of this course. All students are expected to participate and respect each others’ opinions.

Each student is required to work with other students on a semester long study of an active insurance firm. Laptops: Laptops may be used during class for class purposes only and are permitted at the instructor’s discretion. If the laptop becomes a distraction the student will be required to turn it off and put it away immediately upon the instructor’s request. Failure to do so will result in removal from class that day. If laptop use continues to be a distraction, the instructor may prohibit their use for the remainder of the class or semester.

Turnitin.com As a condition of taking this course, all required papers may be subject to submission for textual similarity review to Turnitin.com for the detection of plagiarism.
