

Agus Sudjianto

*Executive Vice President
Head of Model Risk
Wells Fargo & Company*

Agus Sudjianto is an executive vice president and head of Model Risk for Wells Fargo, where he is responsible for enterprise model risk management and serving as Chair of the Model Risk Committee.

Prior to his current position, Agus was the modeling and analytics director and chief model risk officer at Lloyds Banking Group in the United Kingdom. Before joining Lloyds, he was a senior credit risk executive and head of Quantitative Risk at Bank of America.

Prior to his career in banking, he was a product design manager in the Powertrain Division of Ford Motor Company.

Agus holds several U.S. patents in both finance and engineering. He has published numerous technical papers and is a co-author of *Design and Modeling for Computer Experiments*. His technical expertise and interests include quantitative risk, particularly credit risk modeling, machine learning and computational statistics.

He holds masters and doctorate degrees in engineering and management from Wayne State University and the Massachusetts Institute of Technology.
