DESCRIPTION OF GRADED COMPONENTS

Examinations (400 Points or 66.6% of Semester Grade)
The format of the exams will be multiple-choice and open-ended questions. All exams are closed book and closed notes. You must be in class at the proper time to take each exam. An unexcused absence from an exam will result in a grade of zero for that exam.

Policy Regarding Makeup Exams-Contact the Dean of Students Office for excused absence
It is the student’s responsibility to arrange to take all exams at the designated times. An unexcused absence from an exam will result in a grade of **zero** for that exam. Exceptions are at the discretion of the professor and are limited to university sanctioned conflicts and must be pre-arranged. If you miss an exam, you must obtain a university approved absence, **issued by the Dean of Students Office** ([https://dso.uncc.edu](https://dso.uncc.edu)).

On exam days, bring with you only the following items:

- Student Identification Card (**Driver License and Passports will not be accepted**)
- #2 pencil(s)
- Basic, four-function calculator

**Conduct During an Exam** – Students should behave appropriately during exams. Students must refrain from displaying behaviors that may be annoying to other students and must keep their eyes focus on their test and OPSCAN. All cellphones, wearable technology, i.e., smart watches, headphones, or other electronic devices (except basic calculator) must be turned off and placed in your backpacks; **not** on your person and **not** in your pockets during exams. Students cannot share a calculator during an exam. If you do not bring a basic calculator for the exam; you will have to perform all calculations manually. All backpacks, bags, books notes, scratch paper, electronic devices, etc. must be secured by you and safely place in the front or at the sides of the classroom before the exam. **You may leave class when you are finished with your exam, but you may not leave during an exam and return to finish it.**

**Policy on Reviewing or Retaining Exams** – Exams will be made available for review in the professor’s office. No cell phones, smart watches, computers, or other wearable electronic devices should be visible during the review of the exams. ACCT 2121 exams are not retained by students.

**Policy on Regrading Exams** - Students may sometimes justifiably question the grading of specific questions on their examinations. If the situation occurs, write the number of the question to be regraded, along with the reason, on the cover of the exam. The professor will review the information and email you a decision.

**Homework (100 Points or 16.6% of Semester Grade)**

Homework will be completed using WileyPlus through which students will receive immediate feedback as to whether the assignment was completed correctly. The due dates for homework will be posted on WileyPLUS, CANVAS course site, and announced during class. It is your responsibility to know the due date for homework assignments throughout the semester. **Late homework assignments will not be accepted, and TWO assignments will be dropped when calculating grades.**

**Quizzes (End of Chapter) (50 Points or 8.3% of Semester Grade)**

Quizzes will be given at the end of each chapter either during class or administered on-line through WileyPlus. Quizzes will be administered on individual or group basis. No make-up course work for Quizzes. Group members must be in class attendance to receive credit for group work on quizzes.

**Comprehensive Accounting Cycle Review (50 points or 8.3% of Semester Grade)**

All students enrolled in ACCT 2121 will complete a Comprehensive Accounting Cycle Review (ACR) based on course materials covered in chapters 1 to 4. The Review will be an on-line exercise administered and graded through WileyPlus.

Class Participation
Students are expected to participate in class by responding to questions from the instructor and their classmates and be accountable for their participation in group activities. This requires students to actively reflect on weekly course materials and activities to develop original ideas in responses. Students are expected to:

- Demonstrate critical thinking and comprehension of the content in the assigned readings as they related to the issues identified in the discussions.
- Make contributions to a main topic and respond with value-added comments. Apply relevant accounting concepts, theories, or materials to support a point.
- Demonstrate application of accounting and critical thinking skills and use information technology, to solve and analyze accounting problems.
- Respond to calls to action to serve as the group facilitator from the instructor.
- Be accountable to group by bringing fully charged lap top computer to class, when requested, to facilitate completion of graded in-class exercises.
- Read all postings to CANVAS from the instructor.
- Adhere to the general rules of professional etiquette in all interactions with the instructor and classmates.
- Class attendance is very important and will be monitored. Promptness is important, you should plan to be on time for all classes and to stay for the duration of the class.

Missed/Late Assignments
Students are expected to submit all assignments on the due dates listed in CANVAS. If you have extenuating circumstances that will prevent you from turning your assignment in on time, please notify the instructor by email prior to the due date. Please state the word emergency on the subject line in the email. **Please note that technology challenges are not acceptable excuses.** Exceptions are at the discretion of the instructor and are limited to UNCC’s sanctioned divergences. You could also obtain a UNCC’s excused absence for the assignment dates, issued by the Dean of Students’ Office at: [https://dso.uncc.edu](https://dso.uncc.edu).
Civility and Classroom Professionalism

You are on the path to becoming business professionals. Appropriate classroom etiquette and conduct are expected:

- Laptop computers, tablets, and other wearable technology devices should be used only for accessing class materials, not to be used during exams and quizzes.
- Completing homework or texting during a lecture is not allowed. **Cell phones cannot be used as calculators.**
- Disruptive and/or disrespectful behavior is not allowed. The professor may request you to exit the classroom or seek assistance from the appropriate UNCC Police or Safety personnel.
- Disrespectful and/or vulgar language or behavior is not allowed. The professor may request you to exit the classroom or seek assistance from the appropriate UNCC Police or Safety personnel.

HOW TO BE SUCCESSFUL IN ACCT 2121?

- Read the textbook chapter before each Lecture. You must understand the accounting concepts and illustrative examples in each chapter to provide valued-added comments to class discussions.
- Review the Power Point slides for each chapter and work the illustrative problems in the slides. Read, view, and practice the chapter materials assigned for review in the Wiley Plus Learning Hub by Module on CANVAS.
- Complete your WileyPlus homework assignments on time. Use your notepaper, calculator, pencil, and chapter materials to solve each problem-offline. Then, input your answer to WileyPlus; if correct – “congratulations” to you for your outstanding work. If not, go over your answer to find and correct the error(s) offline prior to exhausting your four homework attempts. Make a note of the challenging accounting concepts to discuss one-on-one with the instructor during office hours or contact UCAE/SI Tutoring. Point and Click behavior on WileyPlus homework assignments to get the “right answer” will not be sufficient-in-and-of-itself to comprehend and apply the accounting concepts presented in each chapter. Investing quality time in mastery of accounting concepts presented in your homework assignments serve as a good predicator of your performance on exams.
- Accounting is an applied science, please plan to invest a minimum of two hours of applied skills working accounting problems per chapter.
- Be willing to share your work-life experiences and listen to those of your classmates to enhance the learning environment.
- Be self-motivated and self-disciplined and manage your time wisely.
- Reach out to the instructor on a **timely basis** if you are struggling with the course materials.
- Always remember that you can solve any ACCT 2121 accounting problem by using the accounting equation, \( Assets = Liabilities + Stockholder’s\ Equity \); knowing how to apply the nine steps in the Accounting Cycle; and balancing all your journal entries so that, \( Debits = Credits \).

- **Free Tutorial Services - University Center for Academic Excellence (UCAE) and Supplemental Instruction (SI) tutoring services websites**
  Several opportunities for free tutoring will be available throughout the semester. Individual tutoring (by appointment) is provided at the **Center for Academic Excellence (UCAE)**. Students may sign up for an appointment online [www.ucae.uncc.edu](http://www.ucae.uncc.edu); click on Tutorial Services). **UCAE** also offers drop-in tutoring sessions, check their website for times and locations. Additionally, each week, **Supplemental Instructions (SI)** will offer free tutoring drop-in sessions led by undergraduate students who were very successful in ACCT 2121 [https://ucae.uncc.edu/programs/supplemental-instruction](https://ucae.uncc.edu/programs/supplemental-instruction).
Finally, prior to each exam, **Beta Alpha Psi (BAP)**, the Accounting Students Organization, will conduct a review session of a practice exam of relevant material (the practice exam and solutions will be posted to CANVAS by the professor).

*It is highly recommended that you take advantage of these tutoring opportunities on a weekly basis throughout the semester. Please schedule and commit to a weekly tutoring session with either UCAE and/or SI. Tutoring results in an increase of one letter grade.*

- **Supplemental Instructions (SI) UNCC’s Embedded Peer Tutors Project**

  A Supplemental Instructions (SI) Tutor will be assigned to each of my Sections of ACCT 2121. The role of the SI Tutor is to serve as a Peer Advisor by working with student groups during class to enhance their understanding of lecture materials and assignments.

UNCC’s POLICIES

Statement on Academic Integrity

Students have the responsibility to know and observe the requirements of the UNCC Code of Student Academic Integrity. This code forbids cheating, fabrication or falsification on information, multiple submissions of academic work, plagiarism (Turnitin.com may be used), abuse of academic materials, and complicity in academic dishonesty. The normal penalty for a first offense is zero credit on the work involving dishonesty and further substantial reduction of the course grade. Please note that the penalty involving a second offense will result in a report filed with the UNCC’s Dean of Students’ Office and a final semester grade of “F” in the course. Copies of the Code of Student Academic Integrity can be found online at: https://legal.uncc.edu/policies/up-407.

Standards of academic integrity will be enforced in this course. Students are expected to report cases of academic dishonesty to the course professor.

The following are considered violations of the UNCC Code (note that this is not an all-inclusive list):

1. Use of any calculator except a basic 4-function calculator during exams.
2. Use of a cell phone, smart watches, programmable device or internet-accessible device or wearable technology devices during exams, quizzes, and graded exercises. These items should not be on your persons.
3. Not having all notes put away, completely out of sight, during exams, quizzes, and closed book graded exercises. If notes are visible, it is assumed that the student purposely kept the notes out with the intent of using them.
4. Copying another student’s answers on exams or any course assignment.
5. Having another student or individual complete your exam, on-line assignment, or other course work.
6. Submitting Poll Everywhere answers remotely, when you are not physically present in class or asking another student to submit polling answers for you. Calling out polling answers before the time has expired.
7. Allowing another student to copy your exam, homework, and individual graded exercises or quizzes – this is called “complicity” and makes you an accomplice.
8. Not reporting another student that you know is cheating – type of “complicity”. Honor students are expected to discreetly report observed cheating behavior to instructor.
9. Removing an exam (including quizzes and graded exercises), or any part of an exam, in any format (hard or electronic) from the classroom.
10. Fabrication or falsification of information regarding absences from class or incomplete course work or make-up exams.

Statement on Students with Disabilities

The Americans with Disabilities Act is a federal anti-discrimination statute that provides civil rights protection for persons with disabilities. This legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Office of Disability Services in Room 230 of the Fretwell Building and follow the instructions of that office for obtaining accommodations. http://www.ds.uncc.edu or use your Niner Net account to email: disability@uncc.edu for guidance.
Statement on Diversity
The Belk College of Business strives to create an inclusive academic climate in which the dignity of all individuals is respected and maintained. Therefore, we celebrate diversity that includes, but is not limited to ability/disability, age, culture, ethnicity, gender, language, race, religion, sexual orientation, and socio-economic status.

Changes to the Syllabus and Daily Schedule
The ACCT 2121 syllabus and daily schedule are intended to give a general plan for the course. Adjustments may be necessary as unanticipated situations might warrant.
