*Note: Dates are subject to change (contingent on inclement weather and/or unforeseen emergencies).

The grading scale is:

- A = 540 to 600 points
- B = 480 to 539 points
- C = 420 to 479 points
- D = 360 to 419 points (at-risk student)
- F = below 360 points
DESCRIPTION OF GRADED COMPONENTS

Exams (420 points or 70%)

All exams are closed book and closed notes. You must be in class at the proper time to take each exam. An unexcused absence from an exam will result in a grade of zero for that exam.

Exams #1, #2, and #3: 100 points or 16.67% each
- Multiple Choice = 72 points
  - 24 questions * 3 points each
- Open-Ended = 28 points
  - # of questions and amount of points associated w/ each question will vary each exam
  - Partial credit will be awarded

Comprehensive Final Exam: 120 points or 20%
- Exact distribution to be determined
- Will consist of both Multiple Choice and Open-Ended

Policy Regarding Make-up Exams: It is the student's responsibility to arrange to take all exams at the designated times. An unexcused absence from an exam will result in a grade of zero for that exam. Exceptions are at the discretion of the instructor and are limited to university-sanctioned conflicts and must be pre-arranged. If you miss an exam, you must obtain a university-approved absence, issued by the Dean of Students’ Office (www.dso.uncc.edu).

On exam days, bring with you only the following items:
- Student Identification Card
- #2 pencil(s)
- Basic, four-function calculator

Conduct during an Exam: Keep your eyes on your own exam and scantron. All cellphones and wearable technology (e.g., smart watches, headphones) must be turned off and placed in your backpacks – NOT on your person and NOT in your pockets – during exams. Students cannot share a calculator during an exam. If you do not bring a basic, four-function calculator for the exam, you will have to perform all calculations manually. All backpacks, bags, books, notes, scratch paper, electronic devices, etc. must be placed in the front or at the sides of the classroom before the exam starts.

Policy on Reviewing or Retaining Exams: Exams will be made available for review in the instructor’s office. No cell phones, smart watches, computers, etc. should be visible during the review of the exams. ACCT 2121 exams are not retained by students.

If a large majority of students miss a specific exam question, then the instructor might throw out this question at his discretion.
Homework (90 points or 15%)

Homework = 90 points * [points earned ÷ points available]

Homework will be completed online in Canvas. It is your responsibility to keep track of the due dates, which will be announced on Canvas and in class. After the due date, the WileyPlus software will allow you to see the correct answers to the homework problems in Canvas. This explains why late homework assignments are NOT accepted; each late assignment will result in an automatic zero. However, one homework assignment (your lowest score) will be dropped.

To mirror the exams, homework will be a combination of Multiple Choice and Open-Ended.
- You will have two (2) attempts for each Multiple Choice question.
- You will have four (4) attempts for each Open-Ended question.

Accounting Cycle Review project (30 points or 5%)

All students enrolled in ACCT 2121 during the Spring 2019 semester will complete an Accounting Cycle Review (“ACR”) project based on course materials covered in Chapters 1 through 4. The ACR project is an individual project. It will be completed online in Canvas.

In-class Exercises (45 points or 7.5%)

In-class Exercises = 45 points * [points earned ÷ points available]

The instructor will measure class participation objectively through in-class exercises, which will be collected and graded. Additionally, one student will earn 6 points (1%) by virtue of winning the “Class Participation Raffle” at the end of the semester.

Attendance (15 points or 2.5%)

Attendance will not be taken every class but is VERY IMPORTANT. The instructor will randomly take attendance during five (5) class sessions.

Extra Credit

The instructor might offer extra credit at his discretion.
CIVILITY AND CLASSROOM PROFESSIONALISM

You are on the path to becoming business professionals. Appropriate classroom etiquette and conduct are expected. Disrespectful and/or vulgar language and behavior is NOT allowed.

EXTRA HELP

Take note of the accounting concepts with which you are struggling; discuss these concepts one-on-one with the instructor during office hours.

Also, please take advantage of free tutoring offered by:

1. University Center for Academic Excellence (“UCAE”): Individual tutoring (by appointment) is provided at the UCAE. Students may sign up for an appointment online (www.ucae.uncc.edu; click on Tutorial Services). UCAE also offers drop-in tutoring sessions, check their website for times and locations.

2. Supplemental Instruction (“SI”): Each week, SI will offer free tutoring drop-in sessions led by undergraduate students who were very successful in ACCT 2121 https://ucae.uncc.edu/programs/supplemental-instruction.

3. Beta Alpha Psi (“BAP”): Prior to each exam, BAP (which is the Accounting Students Organization) will conduct a review session of a practice exam of relevant material (the practice exam and solutions will be posted to Canvas by the instructor).
UNCC POLICIES

Statement on Academic Integrity: Students have the responsibility to know and observe the requirements of the UNCC Code of Student Academic Integrity (https://legal.uncc.edu/policies/up-407). This code forbids cheating, fabrication, or falsification on information, multiple submissions of academic work, plagiarism (turnitin.com may be used), abuse of academic materials, and complicity in academic dishonesty. The normal penalty for a first offense is zero credit on the work involving dishonesty and further substantial reduction of the course grade. Please note that the penalty involving a second offense will result in a report filed with the Dean of Students’ Office and a final semester grade of “F” in the course.

Standards of academic integrity will be enforced in this course. Students are expected to report cases of academic dishonesty to the instructor.

Note: This is not an all-inclusive list, but the following are examples of violations of the UNCC Code of Student Academic Integrity:

1. Use of any calculator except a basic, four-function calculator during exams.
2. Use of a smartphone, smart watch, and/or Internet-accessible device during exams and/or graded in-class exercises.
3. Not having all notes put away (completely out-of-sight) during exams and/or graded in-class exercises. If notes are visible, it is assumed that the student purposely kept the notes out with the intent of using them.
4. Copying another student’s answers on exams or any course assignment.
5. Having another student or individual complete your exam, online assignment, or other course work.
6. Submitting Poll Everywhere answers remotely (when you are not physically present in class) or asking another student to submit polling answers for you.
7. Calling out Poll Everywhere answers before the time has expired.
8. Allowing another student to copy your exam, homework, and individual graded exercises. This is called “complicity” and makes you an accomplice.
9. Not reporting another student that you know is cheating. This is another type of “complicity.” If you observe cheating, please discreetly report it to the instructor.
10. Removing an exam (in part or in full) in any format (hard or electronic) from the classroom.
11. Fabrication or falsification of information regarding absences from class or incomplete course work or make-up exams.

Statement on Disability Accommodations: UNC Charlotte is committed to access to education. If you have a disability and need academic accommodations, please provide a letter of accommodation from Disability Services early in the semester. For more information on accommodations, contact the Office of Disability Services at 704-687-0040 or visit their office in Fretwell 230.

Statement on Diversity: The Belk College of Business strives to create an inclusive academic climate in which the dignity of all individuals is respected and maintained. Therefore, we celebrate diversity that includes, but is not limited to ability/disability, age, culture, ethnicity, gender, language, race, religion, sexual orientation, and socio-economic status.
