Course Description:
Social Media Marketing (SMM) is the use of social media by marketers to increase brand awareness, identify key audiences, generate leads and build meaningful relationships with customers. Social media allows businesses to gain a competitive advantage through the creation and distribution of valuable, relevant and consistent content to attract and retain clearly-defined audiences.

Unfortunately, today many companies are not preparing for the future of social. It’s not that businesses aren’t trying; many of them have Facebook, Twitter, LinkedIn or Instagram accounts established. They are present and disseminating content on those platforms, but they do not have a proper social media marketing plan in place. It is not enough for students today who will enter the workforce to just be equipped with general theories and knowledge when it comes to social media marketing. Students will need to know how to utilize new and constantly updated social media marketing strategies for businesses.

Course Objectives:
● How social media has disrupted traditional marketing
● The benefits of and why social media marketing is important
● How to develop their personal brands
● How to create a social media marketing strategy
● Creating and optimizing business profiles on each social network
● Implementing a social media content strategy on each social network
● The benefits of and how to market with blogs, vlogs, podcasts and webinars
● How to launch a social media marketing campaign
● How to create a social media influencer marketing strategy
● Creating an employee advocacy program
● Social media policies and crisis response plans
● Social media advertising on each social network
● Social selling
● Social media analytics and measuring ROI
By the end of the course, students will know how to implement a successful content strategy for Facebook, Instagram, Twitter, Snapchat, Pinterest, LinkedIn and YouTube.

**Required Course Materials:**
“Essentials of Social Media Marketing,” by Michelle Charello  
Mimic Social Simulation  
Mobile Marketing Essentials Chapter 1

Instructions for obtaining digital copies of “Essentials of Social Media Marketing” and Mimic Social will be distributed individually via email from no-reply@stukent.com or from my email. Watch for the email and remember to check your spam folder.

**Grading Policy:**
Class Participation: 10%  
Quizzes: 10%  
Midterm Exam: 15%  
Final Exam: 15%  
Mimic Simulation: 30%  
Final Project: 20%

**Grade Distribution:**
A: 90-100  
B: 80-89  
C: 70-79  
D: 60-69  
F: lower than 60

**Attendance/Participation:**
Students are expected to attend and participate in all class meetings. Class attendance will be taken at the beginning and end of each class. Should an extreme situation arise, the instructor must be notified prior to the class period. Unexcused absence (more than 3 classes missed) will result in failure of the course.

**Quizzes:**
There will be 10 weekly online quizzes based on the textbook chapters during the course. Each quiz is due at 11:59pm of the assigned date in the course schedule. One lowest quiz score will be updated to a 100%.

**Exams:**
There will be a total of two exams – one midterm and a final. Exams will cover material from the textbook and topics covered in class. Make-up exams will be given only under extreme circumstances with prior approval from the instructor. Students who miss an exam without approval from the instructor will receive a grade of 0.
Grade Appeals:
If you feel a grade was not fair, students may appeal it according to the following:
1. Any appeal must be in writing explaining the reason
2. All appeals must be turned in no later than one week after the exam or quiz

Mimic Simulation:
A very important part of this course is the simulation. This simulation will give you a taste of what it is like to run a social media marketing campaign for a business. There are 14 rounds to the simulation. It is likely that you will not do very well for the first round or two, but that is all right, don't worry. This, combined with the lesson materials, will help prepare you for success in social media marketing.

Final Project, Paper & Group Presentations:
The scope of the team project is to help a client (business, organization or company) develop a social media marketing strategy for their company/brand/product(s). The specifics will be discussed later in the semester. You should expect to do some or all of the following as part of this project:
- Perform an analysis or audit of the current marketing situation for your client, particularly with respect to their advertising and communications strategies, and focusing on any specific challenges or targets they have identified.
- Identify the best opportunities for using social media as part of your client’s marketing mix to help them achieve their overarching marketing and business goals.
- Develop clear marketing objectives for the social media marketing strategy based on the situation analysis and the identified social media marketing opportunities.
- Articulate a social media marketing strategy designed to achieve these objectives:
  1. What is the theme and message to be communicated?
  2. Who are the targets?
  3. How will they be reached?
  4. What types of consumer-to-consumer social interactions will be relied on as part of this strategy?
  5. How will target consumers be encouraged to socially interact with other consumers to “spread the word”?
  6. What incentives will be offered?
  7. What ideas do you have for campaigns as part of this strategy?
  8. How will performance be measured and evaluated?

Project Presentation
Your team will create and present your social media marketing plan to meet the above objectives. All teams should have their presentations ready on November 8th and upload it to Canvas. However, the actual presentation dates might be different, and the order of presentations will be determined later. All team members are expected to present during a team presentation. In addition to the presentation, each group will submit a 3 to 5-page paper summery of their research. *All students must be present for both classes (November 8 & 15th) and are expected to ask questions of your peer presentations.

* Each Quiz is due by 11:59pm of the assigned date

**Guest Speakers:**
We will have guest speakers via video throughout the semester discussing social media, mobile marketing and analytics.

**Cell phones & Computers in class:**
1. The use of smart phones or other communication devices is disruptive and is therefore prohibited during class.
2. Please remember to silence your cell phones at the beginning of every class.
3. Students may use computers during class for note-taking and other class-related work only.

**Academic Integrity:**
Students have the responsibility to know and observe the requirements of The UNC Charlotte Code of Student Academic Integrity. This code forbids cheating, fabrication or falsification of information, multiple submissions of academic work, plagiarism, abuse of academic materials, and complicity in academic dishonesty. Any special requirements or permission regarding academic integrity in this course will be stated by the instructor and are binding on the students. Academic evaluations in this course include a judgment that the student's work is free from academic dishonesty of any type, and grades in this course therefore should be and will be adversely affected by academic dishonesty. Students who violate the code can be expelled from UNC Charlotte. The normal penalty for a first offense is zero credit on the work involving dishonesty and further substantial reduction of the course grade. In almost all cases the course grade is reduced to F. Copies of the code can be obtained from the Dean of Students Office. Standards of academic integrity will be enforced in this course. Students are expected to report cases of academic dishonesty to the course instructor.
